

## Practical Approaches to Implementing Sustainability Initiatives

**December 7     Satellite Beach City Hall  
565 Cassia Blvd.**

**9:00 am – 1:00 pm (includes lunch)**

Sustainability initiatives, relative to building practices and land use planning, are necessary for local governments. How to proceed and what policies work best varies among different agencies; albeit, there are best practices that transcend all local governments in Florida. Lessons learned on such issues as –flood hazard mitigation, coastal setbacks, code requirements for rebuilding after hurricanes, utilizing green building practices, and the roles of sustainability board and committees (and the challenges therewith) will be discussed. Speakers are Courtney Barker, City Manager of Satellite Beach and Nicholas Sanzone, Environmental Programs Manager of Satellite Beach.

Don't miss this opportunity to engage in training side-by-side with Florida's managers.

All FCCMA members will be invited, but most likely participants will come from District 3 which includes county and city members within the following counties: Brevard, Orange, Osceola and Seminole.

Please complete and return by November 29 to [dahlberg@businesswatchinc.com](mailto:dahlberg@businesswatchinc.com).
