

Enhancing Education in Your Community: Using a Business Action Team

March 29 Jim Ward Community Center, 301 NW 46 Ave, Plantation

9:00 am – 1:30 pm (includes lunch)

Public education (K - 12) is one of the most important services provided at the local level; yet, since it is deemed a County School Board responsibility, many Florida city and county governments don't understand what they can do to positively impact this service. This session will provide an overview of how the public education systems impact our communities and their ability to attract quality businesses. It will explain why and how Businesses, Cities, Counties, and School Boards need to work together to advocate for public education and the benefits of the collaborative "Business Action Team" model. Panelists include representatives from the Broward County School System, the Broward Workshop, the Early Learning Coalition of Broward, and the Greater Ft. Lauderdale Alliance.

Don't miss this opportunity to engage in training side-by-side with Florida's managers.

All FCCMA members will be invited, but most likely participants will come from District 5 which includes county and city members within the following counties: Dade & Broward.
